Wild about Pollinators

# Odd one out

Which of these is not like the other? \_\_\_\_\_

What are three main differences?

# What's the buzz?

Lets play a word game, write down the first thing that pops into your head when you read the following words:

	My word is....		My word is ....
Buzzing		Insect	
Flower		Nectar	
Honey		Wings	

Lets work together to find out if anyone has the same words as you do. What are the most common words in your group?

Can you make a short poem or sentence from these words?

# Bug hotels

Bug hotels are great holes for a lot of insects, they provide a safe place to live or raise young on this page you will see different bug homes. Can you create a pollinator and design a home for them?

There is space on the next page, set your imagination loose.

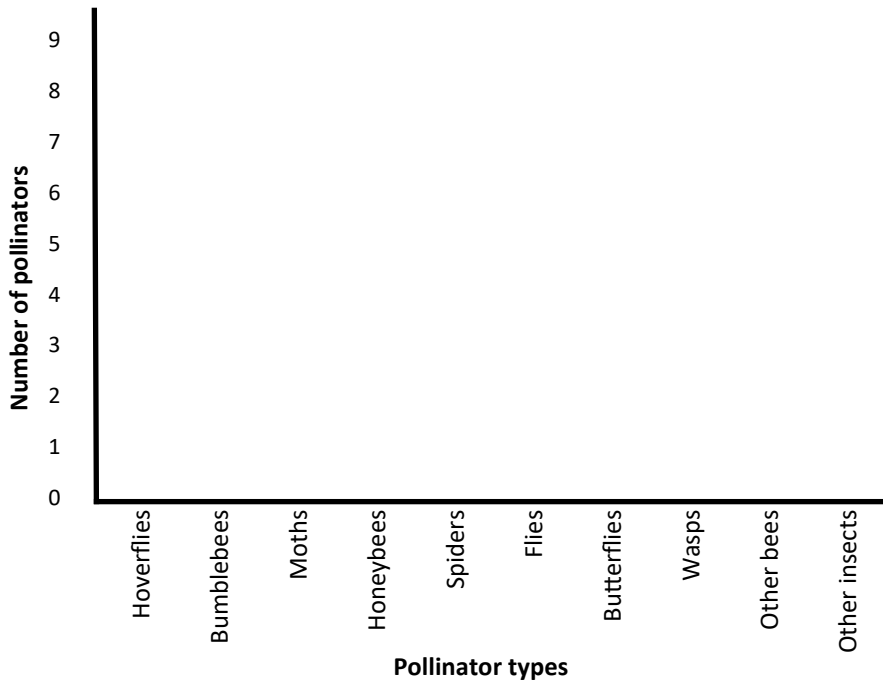

My pollinators name is \_\_\_\_\_

# Detective Pollinator

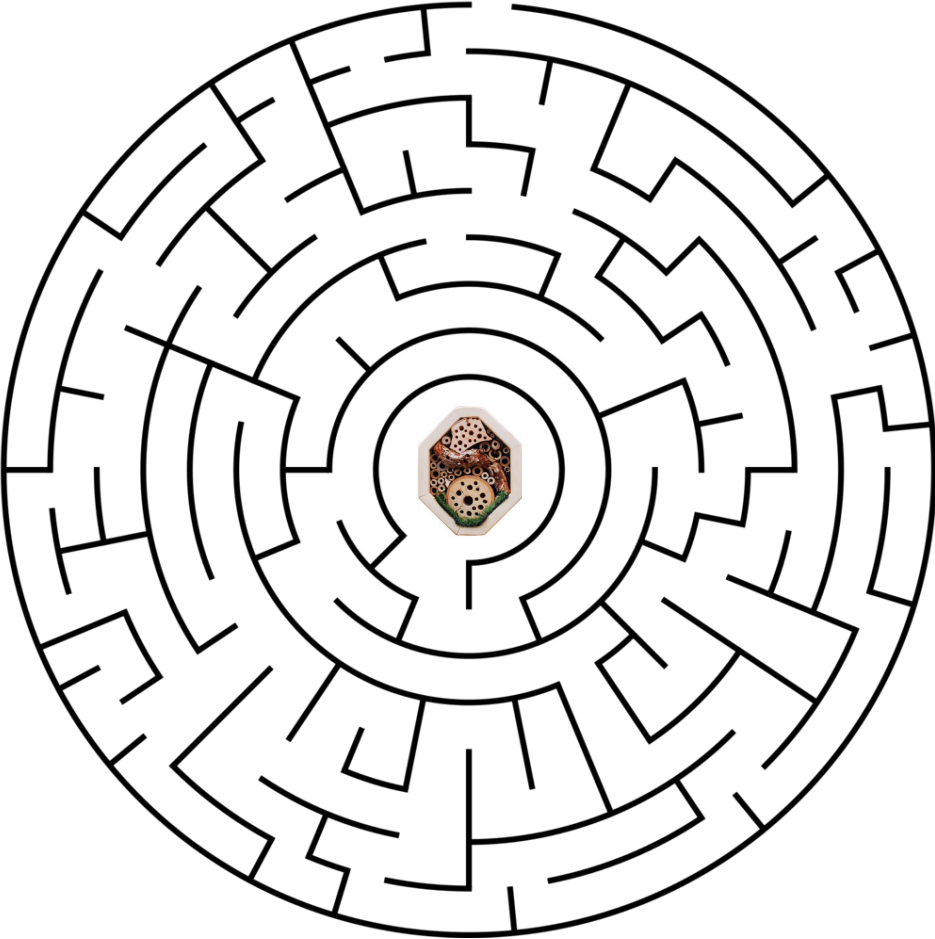

How many pollinators did you spot? Once you have completed your bug hunt fill in the table with the number of different pollinators you found.

Hoverflies		Flies	
Bumblebees		Butterflies	
Moths		Wasps	
Honeybees		Other bees	
Spiders		Other insects	

What was the most common? Create a bar graph of your findings

# Help Beatrice home

# Cumbernauld Living Landscape

You can find out more about the fantastic projects that are happening to improve your connection to nature in Cumbernauld's on our Website.
